^{*}Adjusted EBITDA is a non-GAAP measure that management uses to evaluate the performance of the company. Adjusted EBITDA, as we define it, is operating income from continuing operations adjusted for depreciation, depletion, amortization, pension and postretirement costs not allocated to business segments (primarily interest cost, expected return on plan assets, amortization of actuarial loss and amortization of prior service cost/credit), special items and discontinued operations. Adjusted EBITDA should not be considered in isolation from and is not intended to represent an alternative to our GAAP results.

Preliminary results, subject to audit

Discontinued operations relate to WRECO, which was combined with TRI Pointe Homes, Inc. through a Reverse Morris Trust transaction on July 7, 2014. It was previously reported under the Real Estate segment and Unallocated Items.
